The Mission – Why We Gather

"When the world is unraveling, we gather. To heal. To remember. To reclaim what was never lost."

What We Stand For:

- Safe and inclusive spaces that encourages open dialogue, research, and responsible use of psychedelics.

Why It Matters:

- Without spaces like these, healing will remain inaccessible, misinformation will thrive, and the transformative power of psychedelics will continue to be suppressed by stigma and systemic barriers.

The Vision:

- Through education initiatives, community events, and collaborative partnerships, we aim to destigmatize psychedelics, promote harm reduction practices, and contribute to the advancement of psychedelic science.

Who We Are – Our History

Since 2014, the Detroit Psychedelic Society has been at the forefront of the movement for psychedelic ritual, education, and research. For over a decade—through scrutiny, the threat of criminalization, and widespread misinformation—we have remained a pillar in the entheogenic community. In 2025, we unveil Secrets of the Sacred Sacrament, marking our 12th conference. From the UK to Mexico, Spain to Canada, our mission stands unwavering: to destigmatize psychedelics, promote harm reduction, and advance psychedelic science for the collective good.
